

Screenings

Screenings provides a yearly opportunity for you to see where your child's progress fits in with the standardized measures of child development. Health, hearing, and vision screenings are also provided. Screenings usually reassure parents that their children are meeting developmental milestones within usual age ranges. If delays are identified that may affect future learning, you can be referred to resources that will provide the help your child needs. Mass screenings are offered during the school year. Screenings are also done during the personal visits.

Resource Network

Each Parents As Teachers program identifies resources in the community that are available for supporting and enriching families. Some Resources in this area are Harrison County Health department, Harrison County Home Health and Hospice, Harrison County Resource Mothers, Division of Family Services, Bethany Chamber of Commerce, Bethany Community Center, Bethany Community Gym, Bethany Head Start, Bethany Public Library, and Bethany Housing Authority.
